WEEKLY KENTUCKY NEW ERA.

ONE DOLLAR A YEAR

HOPKINSVILLE, CHRISTIAN COUNTY, KENTUCKY, FRIDAY, AUGUST 28, 1908

VOLUME XXXIII, NO. 49

WELL SATISFIED

WITH THEIR VISIT TO CHRISTIAN'S CAPITAL.

Tobacco Board's Enterprise—Much Interest in Movement Is Created.

The Hopkinsville Tobacco Board of Trade has the distinction of being the first organization of tobacco men in Kentucky to subscribe as a body to the fund being raised by the Kentucky Exhibit association for the state's representation at the world's fair in St. Louis next year, and contributions have come from tobacco warehouses, factories and individual dealers, but the action taken yesterday by the local representatives of "the weed" in this city sets a good example for the other markets of the state to follow. By a two-third vote it was decided to contribute \$100 to the world's fair fund in Kentucky. This action is expected to have its influence on the tobacco trade, so far as finances go, in all sections of the commonwealth. The meeting of the Board of Trade, resulting in the subscription was well attended. President F. W. Dahms presiding and Secretary Garland Cooper acting in his regular capacity. Charles D. Campbell, of Louisville, chairman of the tobacco committee of the exhibit association, was present and reviewed at length the work of his committee, planning in detail the display of tobacco to be made in Kentucky's name at the exposition. He called on the Hopkinsville market to join in the exhibit and so impressed were those present with the remarks that when Mr. Campbell concluded a motion unanimously prevailed to co-operate in the matter, the president being instructed to appoint a committee of three to arrange Hopkinsville's display of tobacco.

This simply means that the Hopkinsville market is to be well represented. All the tobacco needed for the exhibit from this section is now assured.

Following Mr. Campbell, the secretary of the Exhibit Association, R. E. Hughes, of Louisville, briefly stated the entire purpose of the association, giving the plans of all the work. He asked for the financial aid of the Board of Trade and the \$100 subscription was made. Later in the day a canvass of a portion of the business district was made by the secretary, ably assisted by President Geo. C. Long, of the First National bank; Mayor Joust Henry, Major E. B. Bassett, Wm. H. Cummings, J. G. Cooper and others. This resulted in the subscriptions of three of the financial institutions—the City Bank of Hopkinsville, the City Bank and the First National Bank—both flouring mills and several merchants, the list standing last night: Hopkinsville Tobacco Board of Trade, \$100; Bank of Hopkinsville, \$25; City Bank, \$25; First National Bank, \$25; Crescent Milling Co., \$25; Acme Mills & Elevator Co., \$25; Bassett & Co., \$10; Henslett & Co., \$10; R. C. Hardwick, \$10; W. T. Cooper, \$5.

This does not represent one-third of the amount that will ultimately come from Hopkinsville to the fund. J. T. Edwards has promised to send \$500 from the Georgetown Coal Co.; R. E. Cooper is to subscribe handsomely for the Marion Mining and Zinc company. As Blue & Nunn gave \$100 to the fund his list doubtless be as large. The Dalton Bros. brick works and a large number of merchants are considering the amounts each will give. The secretary left the field to the local committee, which will complete the canvass without delay. Last night Messrs. Campbell and Hughes left for Princeton well satisfied with their visit to the capital of Christian.

Rings Stolen.

The police have received a letter from Cerulean Springs stating two valuable rings, one solitaire diamond, the other a sapphire with two diamonds had been stolen from a room at the hotel there and were believed to have been taken by negroes. They belonged to Miss Mary Kerr, of Dyersburg, Tenn., who has offered a liberal reward for their return.

Suits For Divorce.

Rebecca E. Grace has sued for divorce from her husband J. W. Grace. The petition states that they were married in 1880 and separated in 1891. Warner Fortson, colored, asks to be released from his vows to Priscilla Fortson. They separated over five years ago.

End of Bitter Fight.

"Two physicians had a long and stubborn fight with an abscess on my right lung," writes J. F. Hedges of Dupont, Ga. "and gave me up. Everybody thought my time had come. As a last resort I tried Dr. King's New Discovery for Consumption. The benefit I received was striking and I was on my feet in a few days. Now I'm entirely regained my health." It conquers all Coughs, Colds and Throat and Lung troubles. Guaranteed by E. L. Elgin, C. R. Wyle Drug Store, Price 50c, and \$1.00. Trial bottle free.

RELIANCE FAR AHEAD OF SHAMROCK

(Special to New Era.)
NEW YORK, Aug. 27.—The Reliance and Shamrock III, started today at 11 o'clock. At 2:30 o'clock the Reliance was 12½ minutes ahead of the Irish vessel.

A good wind is now blowing and the race will likely be completed in the time limit.

Sells Bros. & Forough's famous circus is here and it has attracted thousands of people to Hopkinsville. Owing to the distance from this city to Henderson, where a performance was given yesterday, the show train did not arrive until nine o'clock. In consequence the parade did not start from the show grounds until 2:15 o'clock, but the people who thronged the streets felt amply rewarded for their patience when they finally witnessed the glories of the pageant.

CORN AND TOBACCO

DOING WELL IN CHRISTIAN COUNTY.

Crops Throughout the State Are Greatly in Need of Rain.

The state crop report says that tobacco in Christian county is in good condition and corn above the average. The apple crop is satisfactory, but peaches are nearly a failure. Concerning general condition, the report says:

The weather during the week was dry, with warm, sunny days and, during the first part of the week, cool nights. The temperature averaged about normal. There were some widely scattered local showers on the 19th and 26th, but they were generally light. Over the greater part of the state the moisture already in the soil was sufficient until, about the close of the week, when the need of rain was being felt in all sections.

Crops have been injured by drought over a large portion of the eastern section and in some of the northern counties of the central section. The drought is severest in the lower Licking valley and thence along the Ohio river to the mouth of the Big Sandy.

Corn is in fine condition in western and southern counties; many early fields are nearly matured. If there are timely rains for the maturing of late fields, the crop ought to equal the average.

Tobacco has done well; it is better than was expected five or six weeks ago. Cutting is in progress in the western section.

Hemp is rather poor. Pastures are good except where drought prevails. A fair crop of millet is being out.

Sweet potatoes are doing well. Late gardens, turnips and the second crop of potatoes need rain.

Apples are rather scarce; drought, windstorms and insects have caused them to fall from the trees so much so that there is hardly a half crop left. This is especially true in the principal apple-growing districts.

Flowing has been retarded by the dry weather; other farm work is well up.

POWERS CASE.

(Special to New Era.)
GEORGETOWN, Aug. 27.—Col. John R. Hendrick finished his speech in the Caleb Powers case this morning, and was followed by Maj. A. T. Wood for the defense. Col. T. C. Campbell is speaking for the commonwealth this afternoon. Caleb Powers, it is expected, will begin his argument at the night session or late this afternoon, though some of Powers' friends are urging him not to speak in his own behalf.

Superseding All Others.

From rich Mississippi river bottoms: "I have been selling Hughes' Tonic for six years for chills and fever. It superseded all others in my trade. It invariably cured when given according to directions. It is the very medicine we need and the only one for chills and fever that I can sell." Sold by druggists—50c and \$1.00 bottles. Prepared by Robinson-Pettit Co. (Inc.) Louisville.

When the attention of Mr. C. C. Collier of the chamber of commerce, was called to the fact that the Tennessee Central railroad management was calculating on opening its Hopkinsville-Clarksville line into Nashville about Oct. 15, and would run an excursion train from that end of the line to Nashville when the road is first opened, he was much pleased with the suggestion that Nashville business men should get together and see that the visitors are properly entertained.—Nashville News.

OPENING OF ROAD

WILL BE NOT LATER THAN OCT. 15.

Work is Progressing Satisfactorily—First Train Runs to Ashland City.

General Manager G. A. Clark, of the Tennessee Central railroad, is still holding forth at Ashland City and points intermediate between there and Hopkinsville. It is now believed that bridges will not interfere with construction work any longer, and that the road will certainly be open to Hopkinsville by Oct. 15. The work on the Cumberland river bridge is progressing satisfactorily, and one of the Tennessee Central transportation men said that the structure would be ready for traffic before the road could be completed to Hopkinsville.

An Ashland City dispatch says: At noon Tuesday the first Tennessee Central train to reach Ashland City stood in Cumberland street. The attraction drew out half the town. It was the first locomotive that ever entered the quiet old town. The construction train reached the edge of town Monday night and entered yesterday, following close the rail laying gangs. By evening it had passed on towards Clarksville. Clarksville is about twenty-eight miles away, following the line of the Tennessee Central. The Montgomery county line is about equal distant, and the grading is all completed. The false work of the Sycamore bridge is yet to be finished, but that will not take over four or five days.

VICE CONSUL IS MURDERED IN SYRIA.

WASHINGTON, D. C., Aug. 27.—Vice Consul Megelssen at Beirut, Syria, was assassinated while driving through the streets. The United States government has notified Minister Loebschman to force Turkey to punish the offender immediately. A demand for indemnity will come later.

Convict Captured.

Jim Davis, colored, an escaped convict from Nashville, was arrested near Kelley Saturday by Chief Armstrong and Officer Cravens. The negro was serving a sentence for theft and had been put to work on the roads and made his escape from the gang.

IMPERIAL BAKING POWDER CO. CHICAGO

FROM THE FARMERS

IMPERIAL COMPANY WILL BUY TOBACCO.

Reported That Large Stemmies Will Be Erected In Dark Belt.

It is reported that the Imperial Tobacco company of Great Britain, has notified its brokers across the water that henceforth they would use there own purchases in the United States, buying direct from the grower.

This means, according to the Owensboro Messenger, that they will establish stemmies throughout the tobacco belt just as the Gallatin Limited company and other independent manufacturing concerns are doing or else make contracts with local buyers after the order of the Regis contracts. It is thought that a prominent Henderson tobaccoist who has just lately returned from England, has a big contract to supply tobacco to the trust, and the supposition is that he will sublet contracts to tobacco dealers at the various markets in this section.

Just what effect this change will have upon the market remains to be seen. It may make prices better or it may not. In any event it will put that class of sharks out of business who have from time immemorial been feeding the life out of American tobaccoists who have placed it in their hands for sale. Several big stemmies will be erected throughout the dark tobacco district.

OBJECTION MADE

To Granting Discharge to Mr. Barron.

Commissioner Lindsey, at Owensboro, has received notice of final discharges in bankruptcy in the following cases: Abraham W. Anderson and John H. Anderson, of Greenville; Talbot Crow, of Russellville; and John O. Knight, of Paradise, Ky.

Objections were filed to the granting of a discharge to John M. Barron, of Hopkinsville, by two of his creditors, W. G. Fox and the Acme Milling and Elevator company, both of Hopkinsville. They claim in the objections that he was discharged in bankruptcy in 1906. The case is set for Sept. 17 when it will come up for a hearing.

The funeral will take place tomorrow afternoon and the body will be interred in the John Ferguson burying grounds. HIGH GUN TROPHY

Handsome Cup Received. New Club Medal.

The handsome loving cup which will be the trophy given to the high gun in the tournament to be held here Sept. 8 and 9 by the Hopkinsville Gun club has been received and is now on display in the show window of C. K. Wyle.

The cup is of silver lined with gold and stands nearly twelve inches high. It has three handles to represent stag horns and is beautifully engraved. The winner of this trophy may well be proud of his success not only for the honor of the event but also for the intrinsic value and beauty of the cup itself.

A medal donated by the Hunter Arms company was also received this morning and is now being worn by Mr. A. S. Gant. The medal is of gold and enamel and is a beauty. The high gun in the regular shoot each week will be entitled to wear it until the next shoot when it must be won again. The medal remains the property of the club at all times.

"BILL ARP" DEAD.

The Well Known Southern Writer Passes Away.

(Special to New Era.) CARTERSVILLE, Ga., Aug. 25.—Major Chas. H. Smith, widely known by the pen name of Bill Arp, died at his home, "The Shadows," late last evening after an illness of many months, which within the past three weeks had become acute. Following an operation for the removal of gallstones, several days ago, he became gradually weaker, most of the time unconscious, until the end last night. Of his family, his wife, four daughters and two sons were at his side last night; the four other sons, two in Texas, one in Mexico and Victor Smith, of New York city, have been summoned by telegraph. The funeral will be held Wednesday morning. Bill Arp was born at Lawrenceville, Ga., June 15, 1826.

COMING HERE

To Take Part In the Gun Club Tournament.

The Owensboro Inquirer says: The Daviess county Gun club will send a team to Hopkinsville to attend the tournament to be held there on September 8 and 9. The club is at present preparing for a shoot with the Cannelton, Henderson and Louisville clubs to be given at this place on Labor day. This will be the third shoot of a series of five which the clubs were to shoot for a cup. The local team has won two of the shoots to the present and confidentially expect to pick up the third with ease. The day after the championship shoot here, they expect to go to Hopkinsville to enter in a two days' tournament in which they expect to make several good scores.

The Paducah Register says: Messrs. W. A. Davis and wife, W. J. Hills, Moses Starr and several others are preparing to go to Nashville, Tenn., two weeks hence for the purpose of participating in the shoot to be given on that date, which is labor day for the trades unions of the city. From Nashville the delegation goes over to Hopkinsville to participate in the tournament to be given there, and during the latter event Mrs. Davis will enter the prize match to be given for the lady shots of the state.

Returns to Hopkinsville. O. Keach and family have returned to their former home in Hopkinsville. For the past year Mr. Keach was engaged in the furniture business here when he sold out to the Porter Installation company. He will remain at Hopkinsville until he finds another desirable location to go in business.—Madisonville Hustler.

WENT MILE IN TWO MINUTES.

(Special to New Era.) READVILLE, Mass., Aug. 26.—Leon Dillon, C. K. G. Billings' marvelous trotting mare, made a mile in two minutes flat yesterday afternoon, thus clipping 2 1/2 seconds off the time of the champion Ceresus and setting a new world's record. The mark is one that trotting horsemen have been trying to attain for fifty years. The track was fast, and the weather conditions were perfect for the trial, and it was freely predicted by horsemen that the little mare would relieve the mighty Ceresus of the crown.

The time by quarters was: First quarter, 32 3/4; one-half mile, 1:00 3/4; three-quarters of a mile, 1:31; one mile, 2:00.

The mare was accompanied by a tuner, driven by Charles Tanner.

JUDGE TAFT TO SUCCEED ELIHU ROOT.

IT TAKES EFFECT JAN. 1

(Special to New Era.) OYSTER BAY, N. Y., Aug. 25.—The formal resignation of Elihu Root, Jr., of New York, as secretary of war, was received today by President Roosevelt. It will take effect on January 1.

Mr. Root will be succeeded by Judge William H. Taft, of Cincinnati, civil governor of the Philippines.

A HEART TO HEART TALK WITH THE DEMOCRATS.

From now until the November election politics will engross attention, and every good Democrat should get ready to fight hard for victory. There must be no gaps in the ranks. Let an unbroken front be presented to the enemy and everything will be well. Cheering news comes from all along the line. The party is in better shape than any previous time in years. Factional differences are being made up in the interest of the party. Democrats who have strayed off after strange gods are back home to stay. A spirit of harmony broods over all, and if Democrats only do their duty Republican defeat is certain. The opportunity for success was never more promising.

The Democrats of this community are interested deeply in municipal politics this year, as a city council is to be chosen at the November election. Hopkinsville, under a Democratic administration, is most prosperous community. Its affairs are being managed wisely and well and the city's future is brighter than ever before.

Several members of the present council are candidates for re-election, subject to the action of the Democratic party. They are willing to have their constituents pass upon their claims. In due time the Democrats of the various wards will, as has always been the custom, say whom they want to represent them on the board.

The Kentucky New Era will support these Democratic nominees, whoever they are, and it is safe to predict that all who are selected, after mature deliberation, by the Democratic voters of the city will be worthy of hearty support.

Without regularity party success is obviously endangered, and every candidate who has the good of the city and of the party at heart should make his race contingent upon the wishes of the majority of his constituents. That's the Democratic way of doing things, and anybody who is unwilling to submit his candidacy to the approval of his party must have a poor cause and his race is apt to be viewed with distrust.

There is a ticket in the field which is called "The Business Men's Ticket for Councilmen." Much surprise has been expressed by Democrats generally that some of the gentlemen on the ticket sanctioned the use of their names for any such purpose. Some of these candidates have been noted in times past for their unswerving loyalty to their party and for their outspoken, sympathetic belief in party organization, and their friends still express confidence that they will not persist in running for office outside of the party.

If the present councilmen have proved unsatisfactory, let the Democrats of their respective wards say so, and nominate suitable candidates. But don't have two tickets composed of Democrats, affording the Republicans a chance to elect Republican candidates or to say which Democrats shall have the offices. The situation now promised is the sort that Republicans will hail with joy; but it causes good Democrats apprehension.

The Democratic way of nominating candidates for office is fair to every aspirant, and surely it is a much better method than for a small coterie of men to meet in a private office and decide who should be Hopkinsville's councilmen.

MELLOWED BY AGE

Wine Found in Old Cellar of Phoenix Hotel.

Yesterday when the workmen reached what was formerly the cellar under the office of the Phoenix hotel in the work of remodeling the building they found a number of bottles and wine kegs which had been left there when the room was occupied by a saloon about twenty years ago. All the bottles were empty, but one of the kegs was about half full of wine which, on account of the long period it had been stored, was very mellow and rich. The workmen placed the keg on tap in the bathroom and invited their friends in to partake of the rare vintage. It lasted for about an hour.

HE'S AN INVENTOR.

Dr. Williams Has Patented a Food Cutter.

Dr. M. W. Williams, proprietor of the Egbert Stand, at Hopkinsville, Ky., is in Nashville today. He is here to inspect the work in progress on a patent feed cutter which he has invented, and which he thinks will be of vast benefit to all breeders. It is being constructed by the Phillips & Butterfield manufacturing company, and Dr. Williams is well pleased with what has been done. The apparatus is a self-actuating machine which cuts and cooks the feed for horses.—Nashville News.
